

Leeward Yacht Club

Green Turtle Cay, Abaco, Bahamas

Dear Friends of Leeward Yacht Club:

It is with excitement and pleasure that we announce the change of management of Leeward Yacht Club. Effective August 1st, 2016, we will be taking the reins from Doug and Lee Poland.

The Poland's have invested a significant amount of their hearts, time and money creating Leeward Yacht Club. As they retire from their venture on Green Turtle Cay to enjoy their other properties, we want to acknowledge their monumental contribution to the Cay. Their efforts are greatly appreciated and will be missed!

As second home owners on Green Turtle Cay, sail boaters and power boaters for many years, the opportunity for us to invest in Leeward Yacht Club seemed a natural fit. This is not just an investment for us – we call Green Turtle Cay “home”.

Leeward Yacht Club has some of the most beautiful grounds on the Cay situated in the middle of the island with proximity to New Plymouth, beautiful white sand beaches, and protected dockage on Black Sound. Leeward Yacht Club has something to offer everyone – boaters, non-boaters, the local community, tourists and second home-owners.

As we transition into the management of Leeward Yacht Club we look forward to meeting all past patrons Leeward and welcome all of you who have not visited. Our plans are to continue to make a significant investment in the Cay and make numerous improvements over the next few months and years.

Our goal is to make Leeward Yacht Club the premiere destination not only on Green Turtle Cay but also in Abaco for guests and owners, providing experiences that exceed expectations while creating lifetime memories.

We hope you are able to visit and enjoy – “Life on the Lee Side”.

Bill and Angie Zartler
